RACE WAR IN JONES'S STATE.

Attempt by Whites to Drive Negroes Out of Arkansas.

ELDRADO, Ark., Nov. 12.—The white and colored laborers employed at Hawthorne mills, twelve miles southwest of here, have been waging a race war since last Monday. The whites, who are largely outnumbered by the negroes, declare that the colored men shall not be permitted to work in the mills and warned them to quit. The negroes did not go and a number of white men whipped a negro. That night a car and several tents in which the negroes were sleeping was surrounded by armed white men and over 100 shots were fired into the car and tents. How many negroes were hurt cannot be ascertained, but it is known that a woman was fatally wounded. The shooting is thought to have been more for the purpose of frightening the negroes away, as, when it ceased, they were again warned to leave under pain of death. Yesterday there was further rioting, the nature of which has not been ascertained, but the sheriff has gone there with a posse of police to restore order. The mills are idle to-day, neither whites or negroes being at work. A report reached here this evening to the effect that a white woman had died and that serious trouble was imminent as the negroes threatened to avenge her death.

NEW TRICK DISCOVERED.

Second-Hand Shoe Dealer Tells Justice Kehoe a Remarkable Story.

CHICAGO, Nov. 12.—J. E. Barnett was before Justice Kehoe this morning on a charge of larceny. The complainant was M. Meyerhoff, who sells second-hand shoes at No. 12 West Madison street. During the hearing of evidence a new game was exposed.

"He gave me the shoes to break in, your Honor," explained Barnett. "I was hungry and sold them."

"What do you mean by breaking in?" inquired the court.

"Why, I thought everybody was on to that," exclaimed Barnett in surprise. "I buys new shoes cheap. Then he hires men to put them on and walk about the streets. They return to the shop, take them off and put on another pair. He can get more for them second-hand than he can for them new."

"That's so, Meyerhoff?"

"I guess it is."

The case was continued until Nov. 15.

VICTORY FOR WEYLER

SPANISH FORCES REPORTED TO HAVE DEFEATED INSURGENTS.

First Battle in Cuba Directed Personally by the Captain General of the Island.

FIGHT IN THE MOUNTAINS

CUBAN POSITION STORMED AND TAKEN WITH A BAYONET CHARGE.

General Echague and Sixty of His Spanish Subordinates Wounded and Six Men Killed.

HAVANA, Nov. 12.—The following details have been received from the front of the capture of the insurgent positions in the mountains of El Rubi, province of Pinar del Rio, by the forces under the command of Captain General Weyler. The operations began on Monday last. The plan of the captain general was to advance on the insurgent position with his forces divided into three columns. General Munez, at the head of six battalions of all arms, entered the mountainous district by Manzanilla. General Echague, with four battalions from Artemisa, entered the mountains by the point of Cayajabo, while Colonel Segura, with his column, advanced from Sorra on the enemy's position. Captain General Weyler, with the Reina Castillo, General Barceola and Puerto Rico battalions and six field pieces, pushed forward from Marieta in order to attack the insurgent front and cover the possible retreat from the mountains. The insurgents believed they held strong positions, and they undoubtedly then occupied the points most favorable for defense. General Echague, advancing from Artemisa towards Cayajabo and thence into the mountains, had the better road, and his troops were the first to engage the enemy. After sustaining a sharp fire, these troops captured the insurgent positions in the pass at the south entrance of the mountains. At daylight on Tuesday the troops of General Echague were reinforced by the column commanded by General Segura. The first to enter the mountains at the point of the bayonet captured in succession all the insurgent positions. The enemy defended his works with tenacity, but the Spanish troops succeeded in occupying the heights of El Rubi, the principal insurgent defense in the vicinity of the military line.

It is believed that the greater part of the insurgents in the province of Pinar del Rio took part in this engagement. The Spanish troops lost six men killed and had General Echague, six officers and more than fifty soldiers wounded. The insurgents lost seven men killed and more than fifty soldiers wounded. The capture of the heights of El Rubi was the result of the actual fighting was over. During the engagement the insurgent forces were driven over General Weyler and his staff, whereupon somebody expressed anxiety as to the safety of the captain general. To this the latter replied: "The bullet which will kill me, I have received, and I am not afraid."

General Weyler, who after entering the mountains, asked for the names of the wounded he had killed. He was received by General Leon, who, after embracing him, said: "I am doing tolerably well under the circumstances."

The insurgents have destroyed, with the use of dynamite, the bridges at Calderon, a prisoner train was due to cross it. The destruction of the bridges was the result of operations said that the insurgents' encampment in the mountains of Rubi and 30 dwellings and houses had been destroyed, and the household effects scattered through the woods.

An epidemic of fever and smallpox, it is reported, prevails in the insurgents' camp and among the Spanish troops. It is estimated, as many as five or six members of a family having died from the epidemic.

It will be remembered that Gerico Delgado, is said to have been seriously wounded in the early part of the month, and is recovering. He is being carried to the mountains.

THREE FRIENDS LIBERED. Alleged Filibustering Steamer At Jacksonville, Fla. Government.

JACKSONVILLE, Fla., Nov. 12.—The steamer Three Friends, which was seized at the mouth of the St. Johns river last Saturday evening by the revenue cutter Boutwell, acting under orders from the Treasury Department at Washington, through the capture of the ship, was formally libeled and attached to-day. The boat is now in charge of a deputy marshal. The libel is under Section 2283, of the Revised Statutes, which provides that any vessel fitted out for an armed vessel to cruise or to commit hostilities against subjects or citizens of the United States, shall be liable to the United States. The attachment was made by the United States marshal at Jacksonville. The vessel is said to have been secured through two persons who were released by the United States marshal. They were taken to New York, going there by the steamer Jacksonville to give testimony in the case.

Not Anxious to Fight U. S. Span. MADRID, Nov. 12.—With regard to the dispatches from Washington on the subject of the possibility of trouble between the United States and Spain it is semi-officially denied that the Spanish Premier, Senor Canovas del Castillo, has communicated with the powers with a view to seeking support against the United States. It is explained that the story is probably a revival of the report which appeared in the West. When Spain prepared a memorandum on Cuban relations with the United States suggesting that the powers assist Spain in bringing about the evacuation of the United States on the occasion indicated, and by the advice of the ambassadors of the powers the cabinet was determined that the dispatch of such a note directly to the United States was inadvisable, calling for observation of the neutrality laws would be calculated to seriously affect the relations between Spain and the United States, and in deference to that expression the Spanish Minister for Foreign Affairs assured Minister Taylor that the memorandum would be withheld, also stating that no offense was intended by President Cleveland or to the government of the United States, and that Spain had only desired to sound the powers with the view of contingencies which might arise out of the possibility of a war between the United States and Spain is regarded as being most remote, and it is held out that so far as desiring to force trouble with the

SPEECH BY THE WAR LORD

EMPEROR WILLIAM'S ADDRESS AT THE SWEARING IN OF RECRUITS.

Prince Bismarck's Russo-German Treaty Disclosures Due to a Desire for Revenge.

SAN FRANCISCO, Nov. 12.—The Bulletin says: A letter containing a duplicate of advice sent by a regular correspondent to the Hong Kong press from Vladivostok was received by the last China steamer and was turned over to the Bulletin to-day. The communication shows that the czar is massing troops in the Vladivostok district, and has already a number of naval vessels concentrated in northern waters. The principal details of the situation are contained in the following paragraph: "Although the Russian government, explaining that the massing of troops in the Primorsk and eastern Siberia is due to 'exchange of army divisions,' it is learned that in all the divisions of Vladivostok there are not less than 112,000 men of arms, which monster army is looked on as a menace to the peace of Asia. The correspondent, further commenting on the situation, states that 'while it is confessed that Russia is entitled to some outlet to the Pacific, the continuous and warlike preparations are anything but reassuring. The frequent presence of Russian engineers at Port Arthur and their operations in Manchuria, with the tacit consent of the officials of China, are highly significant indications of the relations between Russia and China, and point unmistakably to the common object of Russia's warlike anticipations. It behooves the British government to thoroughly investigate this very important matter.'"

FOOD INSPECTION STATIONS.

San Francisco's Original Scheme for the Protection of Consumers.

SAN FRANCISCO, Nov. 12.—San Francisco has something among the cities which makes her distinctive. She has four food inspection stations, planned after the fashion of a custom house or the taxing station of the old walled towns of continental Europe. They are really clean, bright, airy, and comfortable, and are the pride of the city. There are four of these stations—one at the ferry, one at Fourth and Berry streets, one at Central Avenue and Geary street, and the fourth at Alabama and Army streets, which was formally opened last night.

It is believed that the greater part of the insurgents in the province of Pinar del Rio took part in this engagement. MURDERER SHOT.

He Had Just Been Convicted and Was Attempting to Escape.

YORKVILLE, S. C., Nov. 12.—M. R. Reese, a prominent citizen, convicted Sunday morning of the killing of a man in the office of Dr. Miles Walker, with a bullet in his head. The trial of M. R. Reese, Daniel Tucky and Mrs. Anderson for the murder of Charles T. Williams came to an end to-night. The jury retired at 5:40 o'clock and returned at 9 with a verdict of guilty against Reese and Tucky, and not guilty as to Mrs. Anderson. Deputy Sheriff Scoggins started with the prisoners to the jail, but after reaching the sidewalk Reese attempted to run. Neither the prisoners nor the sheriff was hurt. He followed the fugitive in charge of both. He was remembered to run, he drew his revolver and tried to shoot him, but the latter continued to run. He was shot in the back of the head and fell in the ditch. Investigation around and fell in the ditch. Investigation of the case is being conducted by the sheriff.

SOCIAL PURITY CONFERENCE.

Dr. Mary Wood Allen Wants One Code of Morals for Both Sexes.

ST. LOUIS, Nov. 12.—At the W. C. T. U. headquarters established in the Lindell Hotel Miss Frances E. Willard, the president, kept her officers busy all day completing arrangements for the stage play and annual convention of the National W. C. T. U., which convenes to-morrow for a five days' session. To-day the board of superintendents held a meeting which extended over the entire day. There was a general discussion of the subject of the proposed stage play and the plan for the annual convention. The plan for the annual convention was discussed and the plan for the stage play was discussed. The plan for the annual convention was discussed and the plan for the stage play was discussed.

GOOD PRICES FOR APPLES.

From \$2.50 to \$4 Received for American Fruit at Hamburg.

BOSTON, Nov. 12.—A private cablegram received in this city to-day from Hamburg states that the first shipment of apples received there from Boston had just been disposed of and netted from \$2.50 to \$4 per barrel, according to quality. These are considered remarkably high prices, especially as the bulk of the apples were sold in some quarters in Germany to keep out the American fruit by circulating false rumors about apples containing germs of disease. The cable further stated that the supply was insufficient for the requirements of the trade.

Lucy Parsons Still a Fiery "Red."

CHICAGO, Nov. 12.—At the ninth annual commemoration of the execution of the Haymarket bomb throwers, held at the Twelfth-street Turner Hall last night, Mrs. Lucy Parsons was one of the speakers. Her language soon became violent, and she was ejected from the hall by the police. She was instantly in an uproar, and was stopped by the introduction of Herr Most. His language was quite tame, and he remained of the meeting was orderly.

NATIONAL LEAGUE MEETING

ENLIVENED BY COL. ROGERS, WHO MADE A BITTER SPEECH.

John T. Brush on Top Again—Amos Rusie Asks the Federal Court to Remove His Shackles.

Special to the Indianapolis Journal.

CHICAGO, Nov. 12.—"Ban" Johnson will continue to act as dictator, scribe and money bag holder of the Western league of baseball clubs. Grand Rapids and Columbus will continue to hang as dead weights on the league, and Indianapolis and Minneapolis, the two chief money-making clubs, will continue to pay an undue share for support of the dead weight clubs. This was the outcome of a two day meeting of the National League managers. At to-day's session the first thing attempted was the revision of the constitution, which was read section by section. Only two changes were made, one in Section 5, relating to application for membership, and one in Section 6, which requires that the club must be a member of the league for one year before it can be admitted. The latter was entirely wiped out. Instead of this, the different teams have signed a separate agreement which has somewhat reduced the limit of salaries, but just how much the members were not prepared to say. The old election of the National League managers, John T. Brush, of the Louisville club, and Amos Rusie, of the Indianapolis club, were re-elected. B. B. Johnson, of Cincinnati, was re-elected president, secretary and treasurer for one year, and four directors were chosen as follows: Killilea, Comiskey, Loftus and Ellis. A committee was appointed, consisting of Messrs. Killilea, Johnson, Rusie and Golt, to consult with the members of the National League in regard to certain differences. The schedule committee consists of Messrs. Johnson, Van derbeck, Manning and Salspaugh. The date of the schedule meeting was fixed for Monday, Nov. 18, at the Hotel Hamilton in New York. The members adjourned. This evening a meeting was held to finish up the tag ends of business. Most of the members will leave for home in the morning.
